True / False (10 marks)

Answer True or False

6. True or False: Defenders of meat-eating argue that humans are rational beings, which grants them greater moral consideration than non-rational animals.
7. True or False: In Sikhism, strict adherence to the Five Ks is considered the essential path to achieving liberation and spiritual freedom.
8. True or False: Dershowitz believes that rule utilitarianism is the best framework for justifying terrorism under any circumstances.
9. True or False: Zhuangzi describes the state of ziran as embodying compassion, reflecting a deep connection with others and the natural world.
10. True or False: The fallacy of amphiboly is often referred to as reification, which involves treating abstract concepts as concrete entities.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Construct a complete truth table for the argument $\sim S \supset T, \sim S \supset U, \sim T \supset U$, and analyze its validity. If invalid, provide a counterexample and discuss its implications.
12. Construct a complete truth table for the argument $(G \supset H) \supset \sim I, \sim G \supset (\sim H \supset I) / G$. Analyze its validity and provide a counterexample if it is invalid, explaining your reasoning.
