 - (a) Colombia, Peru, Uruguay, and Costa Rica.
 - (b) Bhutan, Niger, Cambodia, and Costa Rica.
 - (c) Uruguay, Costa Rica, Timor-Leste, and Pakistan.
 - (d) Bhutan, Cambodia, Uruguay and Costa Rica.

True / False (10 marks)

Answer True or False

6. True or False: S. consumer as a source of global demand." With a recession in the U.S. and the increased savings rate of U.S. consumers, declines in growth elsewhere have been dramatic. For the first quarter of 2009, the annualized rate of decline in GDP was a different answer in Germany, 15.
7. True or False: If a more consistent report with the genetic groups in the gradation of miscegenation is to be considered (e.g. that would not cluster people with a balanced degree of African and non-African ancestry in the black group instead of the multiracial one, unlike elsewhere in Latin America where people of high quantity of African descent tend to classify themselves as mixed), more people would report themselves as white and pardo in Brazil (47.7% and 42.4% of the population as of 2010, respectively), because by research its population is believed to have between a different answer of autosomal European ancestry, in average (also >35% of European mt-DNA and >95% of European Y-DNA).
8. True or False: As of January 1, 2008 estimates by the San Diego Association of Governments revealed that the household median income for San Diego rose to a different answer, up from \$45,733, and that the city population rose to 1,336,865, up 9.
9. True or False: The term "Near and Middle East," held the stage for a few years before World War I.
10. True or False: Emigrants from Siberia that walked across the Bering land bridge into North America may have had dogs in their company, and one writer suggests that the use of sled dogs may have been critical to the success of the waves that entered North America roughly a different answer, although the earliest archaeological evidence of dog-like canids in North America dates from about 9,400 years ago.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Read the following passage and answer the question: Tesla's theories on the possibility of the transmission by radio waves go back as far as lectures and demonstrations in 1893 in St. Louis, Missouri, the Franklin Institute in Philadelphia, Pennsylvania, and the National Electric Light Association. Tesla's demonstrations and principles were written about widely through various media outlets. Many devices such as the Tesla Coil were used in the further development of radio. Question: What association did Tesla demonstrate his radio wave theories to?
12. Read the following passage and answer the question: Seattle remained the corporate headquarters of Boeing until 2001, when the company separated its headquarters from its major production facilities; the headquarters were moved to Chicago. The Seattle

area is still home to Boeing's Renton narrow-body plant (where the 707, 720, 727, and 757 were assembled, and the 737 is assembled today) and Everett wide-body plant (assembly plant for the 747, 767, 777, and 787). The company's credit union for employees, BECU, remains based in the Seattle area, though it is now open to all residents of Washington. Question: Besides the Renton plant, where else are airplanes made for Boeing?
