 - (a) instructions for the builders written there by the engineers.
 - (b) random scratches and not a meaningful script or written language.
 - (c) intended to identify the local group that had produced them.
 - (d) simple arithmetic performed by carpenters on the building site.
2. Which of the following is not a hypothesis for why hominids walked on two legs?
 - (a) it expended less energy than quadrupedalism for going long distances
 - (b) it freed the hands to carry things
 - (c) it allowed hominids to see greater distances
 - (d) it provided a more intimidating posture to potential predators
 - (e) it allowed for better heat regulation
3. Opportunistic foraging involves:
 - (a) increased use of imported or "exotic" materials
 - (b) strict dietary restrictions and limitations.
 - (c) careful planning and scheduling.
 - (d) reliance on food storage and preservation.
 - (e) focusing on one specific type of food source.
4. Which of the following dating techniques are based on the measurement of the amount of energy trapped in materials that have been heated at archaeological sites?
 - (a) carbon-14 and uranium series dating
 - (b) tephrochronology and electron spin resonance dating
 - (c) dendrochronology and thermoluminescence dating
 - (d) isotope-ratio mass spectrometry and fission track dating
 - (e) lead-lead dating and uranium-thorium dating
5. In comparison to *Homo habilis*, what gave *Homo erectus* the ability to migrate so far, so fast?
 - (a) microcephaly
 - (b) larger brain size
 - (c) ability to swim
 - (d) ability to communicate
 - (e) stronger muscles

True / False (10 marks)

Answer True or False

6. True or False: The medieval population of Cork was about 2,100 people. It suffered a severe blow in 1349 when almost half the townspeople died of plague when the Black Death arrived in the town.
7. True or False: Upon entering her office, a Vestal was emancipated from her father's authority. In archaic Roman society, these priestesses were the only women not required to be under the legal guardianship of a man, instead answering directly to the Pontifex Maximus.
8. True or False: This was a significant step towards restoring communion between Rome and Constantinople.
9. True or False: Heading into the convention, the Kerry/Edwards ticket unveiled their new slogan-a promise to make America "stronger at home and more respected in the world." Kerry made his Vietnam War experience the prominent theme of the convention. In accepting the nomination, he began his speech with, a different answer He later delivered what may have been the speech's most memorable line when he said, "the future doesn't belong to fear, it belongs to freedom", a quote that later appeared in a Kerry/Edwards television advertisement.
10. True or False: In 1941, Reza Shah was forced to abdicate in favor of his son, Mohammad Reza Pahlavi, and established the Persian Corridor, a massive supply route that would last until the end of the ongoing war.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Read the following passage and answer the question: Although its PlayStation predecessors had been very dominant against the competition and were hugely profitable for Sony, PlayStation 3 had an inauspicious start, and Sony chairman and CEO Sir Howard Stringer initially could not convince investors of a turnaround in its fortunes. The PS 3 lacked the unique gameplay of the more affordable Wii which became that generation's most successful console in terms of units sold. Furthermore, PS 3 had to compete directly with Xbox 360 which had a market head start, and as a result the platform no longer had exclusive titles that the PS 2 enjoyed such as the Grand Theft Auto and Final Fantasy series (regarding cross-platform games, Xbox 360 versions were generally considered superior in 2006, although by 2008 the PS 3 versions had reached parity or su... Question: Which cost less in stores: PS 3 or Wii?
12. Read the following passage and answer the question: Comics are a medium used to express ideas by images, often combined with text or other visual information. Comics frequently takes the form of juxtaposed sequences of panels of images. Often textual

devices such as speech balloons, captions, and onomatopoeia indicate dialogue, narration, sound effects, or other information. Size and arrangement of panels contribute to narrative pacing. Cartooning and similar forms of illustration are the most common image-making means in comics; fumetti is a form which uses photographic images. Common forms of comics include comic strips, editorial and gag cartoons, and comic books. Since the late 20 th century, bound volumes such as graphic novels, comics albums, and tankōbon have become increasingly common, and online webcomics have proliferated in the 21st century. Question: The various sizes as well as how panels are arranged help with what aspect of comics?
