 - (d) Both A and B are correct.

True / False (10 marks)

Answer True or False

6. True or False: Throughout most of American history, the dominant course of U.S. foreign policy has been characterized by isolationism.
7. True or False: Mainstream human security recognizes that limiting security analysis to military engagement is overly restrictive.
8. True or False: The 'New Populism' is characterized as a strand of neo-isolationist sentiment within American political discourse.
9. True or False: Energy security is only related to environmental security and does not connect with economic or regime security.
10. True or False: American exceptionalism promotes the liberalization of global trade, reflecting the belief in the U.S. as a leader in free-market principles.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the concept of the 'energy security nexus' in the international system, analyzing how the uneven geographical distribution of energy influences state relationships.
12. Discuss how the 'Philadelphian System' reflects the concept of American exceptionalism, particularly in its contrast to European political structures.
