True / False (10 marks)

Answer True or False

6. True or False: American exceptionalism often leads to opposition to world government due to its general anti-statism and skepticism of centralized authority.
7. True or False: Leaders have incentives to conceal their nuclear capabilities to avoid potential military attacks and maintain strategic advantage.
8. True or False: George H.W. Bush allowed Saddam Hussein to remain in power due to a limited UN mandate and concerns about a protracted conflict.
9. True or False: Motivational realism suggests that greedy states act primarily out of a sense of moral obligation to help others.
10. True or False: The 2008 financial crisis damaged support for the US model of political economy and capitalism on the global stage.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the implications of the 'energy security nexus' on international relations, particularly how control over energy reserves affects cooperation and geopolitical rivalries among core powers.
12. Discuss the challenges and strategies involved in achieving effective control of the international arms trade, emphasizing the importance of cooperation among governments and other stakeholders.
