True / False (10 marks)

Answer True or False

6. True or False: American exceptionalism encourages the liberalization of global trade, promoting free markets and reduced trade barriers.
7. True or False: The preclearance provision of the Voting Rights Act is not a significant factor in explaining low voter turnout in elections.
8. True or False: Sanctions are solely intended to punish nations without any goals related to peace or security.
9. True or False: Many federal legislators are former professional athletes before entering Congress.
10. True or False: The minimum voting age in some states being 21 does not contribute to lower voting rates among Americans aged 18 to 25.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss how institutional constraints shape human behavior and decision-making in political contexts, emphasizing the role of man-made rules in governing interactions.
12. Discuss how global inequality can pose a threat to global security, particularly in the context of potential revolutionary uprisings and the radicalization of marginalized populations.
