

Multiple Choice (10 marks)

1. In modern societies, social status is typically measured by a person's:
 - (a) age
 - (b) income
 - (c) verbal fluency
 - (d) occupation
2. Booth's (1901) study revealed that the percentage of people in London who were living in poverty was:
 - (a) 30.70%
 - (b) 27.50%
 - (c) 18.60%
 - (d) 33.20%
3. The 'third age' of the life course is said to involve:
 - (a) active non-work and independence after retirement
 - (b) full time employment, family-building and adult responsibility
 - (c) illness, isolation and increasing dependence on others
 - (d) the transition from education to work, and distinctive youth cultures
4. Sreberny-Mohammadi (1996) argues that national cultures can resist American cultural domination of the media by:
 - (a) domesticating its content, including more 'home-produced' programmes
 - (b) controlling the distribution of imported products by banning satellite dishes
 - (c) creating 'reverse flows' of their own programmes back to imperial societies
 - (d) all of the above
5. Ethnic identity refers to:
 - (a) the objective categories of ethnicity used in the census
 - (b) a felt sense of group membership on the basis of religion, language, or history
 - (c) the imposition of a racial label on a minority by a powerful majority
 - (d) the fragmented and pluralistic nature of ethnicity

True / False (10 marks)

Answer True or False

6. True or False: Vertical mobility is synonymous with relative poverty, which compares individuals' wealth to others in society.
7. True or False: The term 'power elite' refers to a coalition of classes with shared interests but lacking any significant state influence.
8. True or False: The print revolution of the nineteenth century led to mass production and circulation of materials, often at the expense of serious content.
9. True or False: One ethical issue with covert participant observation is the deception of respondents about the researcher's true purpose.
10. True or False: Foucault argued that carceral organizations isolate individuals and subject them to constant surveillance.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the traditional hierarchy of status and precedence within the upper class in your society, analyzing the relative positions and roles of key members such as royal descendants and high-ranking officials.
12. Discuss how the low response rate in a survey of union members can lead to response rate bias and analyze the implications of this bias on the research findings.
