

Multiple Choice (10 marks)

1. The term 'collective consumption' (Castells 1977) refers to:
 - (a) the privatization of public services by the Conservative government
 - (b) the lifestyle practice of shopping in peer groups
 - (c) the form of tuberculosis suffered by those who collect stamps
 - (d) the provision of health, housing, and education services by the state
2. Religious organizations such as the Church of Norway, Islam, the Church of England, and the Church of Greece have which of the following characteristics in common?
 - (a) They are cultures as well as churches.
 - (b) They practice separation of church and state.
 - (c) They exclude women as clergy.
 - (d) They are monotheistic.
3. Scott (1991) introduced the term 'power elite' to describe:
 - (a) the ruling class, or bourgeoisie, who exploit the proletariat
 - (b) a capitalist class dependent on property ownership and advantaged life chances
 - (c) an alignment of classes with shared interests but no state power
 - (d) a state elite whose members are drawn overwhelmingly from a power bloc
4. Warner and Myrdal claimed that black former slaves were not joining the 'ethnic melting pot' of the North American cities because:
 - (a) the white population did not believe in liberty, equality, and democracy
 - (b) they wanted to retain a strong sense of their original ethnic identity
 - (c) they were not prepared to leave the Southern states and move to North America
 - (d) the promise of citizenship was contradicted by continued discrimination
5. An ecclesia is:
 - (a) a religious organization that claims total spiritual authority over its members
 - (b) a church organized around voluntary rather than compulsory membership
 - (c) a sect or cult with a very small following
 - (d) a hierarchy of priests or other spiritual leaders

True / False (10 marks)

Answer True or False

6. True or False: The household is often considered a primary level of society in sociological studies.
7. True or False: Mead's 'generalized other' is defined as the specific individuals who directly teach us societal norms and values during childhood.
8. True or False: Booth's (1901) research indicated that 27.50% of London's residents were experiencing poverty.
9. True or False: Class polarization, as predicted by Marx, refers to an increasing divide between the wealthy and the poor, fostering class consciousness.
10. True or False: War between nation states in the nineteenth century was primarily caused by the spread of democratic ideals and peaceful diplomacy.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the implications of informal negative sanctions, such as teasing and ridicule, on children who continue thumb-sucking upon entering kindergarten and analyze the potential social consequences.
12. Discuss the naturalistic explanations of race proposed by nineteenth-century scientific theories, and analyze which aspects were commonly examined and which were overlooked.
