

## Multiple Choice (10 marks)

1. According to Davis (1995), women may seek cosmetic surgery because:
  - (a) they have a deep-rooted sense of ineffectiveness and are striving for control
  - (b) they are in pursuit of the 'perfect' body, fuelled by images of beauty
  - (c) they perceive a part of their body as stigmatizing, in relation to a cultural ideal
  - (d) their male partners pressurize them to look like supermodels
2. Post-Fordist forms of media production and consumption involve:
  - (a) the mass production of standardized products for passive audiences
  - (b) television based on producer-broadcaster rather than publisher-broadcaster models
  - (c) a diverse range of products aimed at niche markets
  - (d) increasing numbers of advertisements for motoring and car-related products
3. The term 'collective consumption' (Castells 1977) refers to:
  - (a) the privatization of public services by the Conservative government
  - (b) the lifestyle practice of shopping in peer groups
  - (c) the form of tuberculosis suffered by those who collect stamps
  - (d) the provision of health, housing, and education services by the state
4. The Nation of Islam group appealed to:
  - (a) British-born second generation immigrants from the Asian subcontinent
  - (b) White Americans who wanted to convert to Islam
  - (c) African-Americans who felt excluded from the 'ethnic melting pot' in the USA
  - (d) African-Caribbeans who lived in the inner cities and had a distinctive youth culture
5. The 'third age' of the life course is said to involve:
  - (a) active non-work and independence after retirement
  - (b) full time employment, family-building and adult responsibility
  - (c) illness, isolation and increasing dependence on others
  - (d) the transition from education to work, and distinctive youth cultures

## True / False (10 marks)

*Answer True or False*

6. True or False: Bourdieu believed that economic capital alone is sufficient to explain the reproduction of social class in society.
7. True or False: Marx argued that the labor movement would result in the working class becoming a 'ruling class' within society.
8. True or False: During the nineteenth century, homosexuality was widely celebrated as a positive identity embraced by the gay community.
9. True or False: In the 1990 reform of the National Health Service, hospitals became self-governing trusts competing for purchasing contracts from health authorities.
10. True or False: According to Scott (1990), a document is considered 'authentic' if it is a sound original or a reliable copy of known authorship.

## Long Form Response (20 marks)

*Answer each question with a clear and complete explanation.*

11. Discuss the concept of Metropolitan Statistical Areas (MSAs) in the context of rural, suburban, and urban development, highlighting their defining characteristics and implications for mobility trends.
12. Discuss the features of globalization and critically analyze how the concept challenges the traditional power dynamics of nation-states in contemporary society.
