

Multiple Choice (10 marks)

1. In Durkheim's work, the term 'collective representations' refers to:
 - (a) effervescent ceremonies that create a feeling of belonging
 - (b) images of gods or totems that are widely recognized
 - (c) shared ideas and moral values, often symbolized by an object or figurehead
 - (d) ideological tools used to obscure class divisions
2. Scientific management involved:
 - (a) the subdivision of labour into small tasks
 - (b) the measurement and specification of work tasks
 - (c) motivation and rewards for productivity
 - (d) all of the above
3. There was a growth in income inequality in the 1980 s because:
 - (a) rates of income tax increased equally for all occupational groups
 - (b) there were more professional jobs available but not enough people to fill them
 - (c) the price of consumer goods rose at a higher rate than earnings
 - (d) growing unemployment made more people dependent on welfare benefits
4. Post-Fordist forms of media production and consumption involve:
 - (a) the mass production of standardized products for passive audiences
 - (b) television based on producer-broadcaster rather than publisher-broadcaster models
 - (c) a diverse range of products aimed at niche markets
 - (d) increasing numbers of advertisements for motoring and car-related products
5. Theories of racialized discourse suggest that:
 - (a) race is an objective way of categorizing people on biological grounds
 - (b) the idea of race is socially constructed through powerful ideologies
 - (c) race relations in Britain and America can be traced back to colonial times
 - (d) people choose their racial identity and this becomes fixed

True / False (10 marks)

Answer True or False

6. True or False: The social democratic model is characterized by loyalty to the state and traditional values in welfare provision.
7. True or False: Differential association theory suggests that criminal behavior is solely a result of genetic predisposition.
8. True or False: Definitions and indicators of social class can vary, making valid comparisons across studies problematic.
9. True or False: Goldthorpe identified the 'service class' as those in non-manual occupations, exercising authority on behalf of the state.
10. True or False: The term 'culture industry' denotes the commercialization of cultural products for profit, as identified by the Frankfurt School.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the potential sociological impacts of a new highway extending from a major city into farmland, particularly focusing on suburbanization and changes in commuting patterns.
12. Discuss the key social changes that characterized the 'sexual revolution' of the 1960s and analyze the factors that contributed to the emergence of a growing fear of HIV and AIDS.
