

Multiple Choice (10 marks)

1. Sullivan's (2000) study suggested that the proportion of housework men did was greatest when:
 - (a) they had rediscovered themselves as 'new men'
 - (b) their wives were at home and nagged them all the time
 - (c) exciting gadgets like the hoover and electric iron were invented
 - (d) they were unemployed or both partners worked full time
2. In the context of the labour movement in the nineteenth century, 'incorporation' meant:
 - (a) including union representatives in processes of policy decision making
 - (b) creating links between the state and corporate organizations
 - (c) recruiting women into full time paid employment
 - (d) including working class organizations in political bargaining and representation
3. Durkheim defined social facts as:
 - (a) ways of acting, thinking, and feeling that are collective and social in origin
 - (b) the way scientists construct knowledge in a social context
 - (c) data collected about social phenomena that are proven to be correct
 - (d) ideas and theories that have no basis in the external, physical world
4. Marx said that the development of the labour movement through factory-based production would turn the working class into:
 - (a) a class in itself
 - (b) a class by itself
 - (c) a class for itself
 - (d) a ruling class
5. Society cannot be studied in the same way as the natural world because:
 - (a) human behaviour is meaningful, and varies between individuals and cultures
 - (b) it is difficult for sociologists to gain access to a research laboratory
 - (c) sociologists are not rational or critical enough in their approach
 - (d) we cannot collect empirical data about social life

True / False (10 marks)

Answer True or False

6. True or False: The experimental method in science involves isolating and measuring the effect of one variable upon another.
7. True or False: Totalitarian societies typically restrict freedom of movement for citizens to maintain control over the population.
8. True or False: Common activities involving all-round relationships are essential criteria for defining a community according to Fulcher & Scott.
9. True or False: The human relations approach focuses primarily on strict control and discipline to maximize productivity in the workplace.
10. True or False: Sociology is not considered a social science because it primarily relies on subjective interpretations rather than data.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the characteristics and social dynamics of the deviant subculture of homosexuals in seventeenth and eighteenth century London, known as "mollies," and analyze their impact on contemporary understandings of sexuality.
12. Discuss the key features of globalization and critically analyze how the phenomenon challenges the traditional power of nation-states in contemporary society.
